

SUBHADEEP DAS

Kolkata, India · me@emtypyie.in

GitHub: github.com/emtypyie · **LinkedIn:** linkedin.com/in/emtypyie · **Website:** emtypyie.in

PROFILE

Bachelor's student interested in aerospace engineering, research, embedded systems, computational simulations, and systems programming, with experience building software, hardware, and engineering projects.

EDUCATION

Indian Institute of Technology Madras

Bachelor of Science in Aeronautics & Space Technology · 2026–2030

Techno India University

Bachelor of Technology in Computer Science & Engineering (AIML) · 2026–2030

TECHNICAL SKILLS

Programming: C, C++, Python, JavaScript, Rust

Embedded & Hardware: Embedded Systems, PCB Design, Flight Computers, Hardware–Software Integration

Engineering & Design: CAD, 3D Design, Aerospace Systems Design, Technical Modelling

Aerospace: Orbital Mechanics, Aerospace Simulation, Computational Modelling, Flight Systems

Infrastructure: Web Operations, Docker, Deployment, Package Management

AI/ML: Machine Learning, Agentic AI

PROJECTS

Emtypyie.cli

Core package manager for the emtypyie project ecosystem, supporting installation, updates, dependency management, and project distribution.

Pyielink Framework

Remote computing framework that provides peer-to-peer encrypted machine access, remote desktop and video transmission, and interactive shell access.

Impulse

Orbital mechanics simulator under development for computational modelling of spacecraft motion and orbital dynamics.

Autonomus Flight Computer

Independent development of an autonomous flight-computer prototype integrating embedded software and hardware for aerospace applications.

More projects & technical details: wiki.emtypyie.in

EXPERIENCE

WebOps Associate — Sundarbans House, IIT Madras

August 2026 – Present

Responsible for web operations, deployment, website infrastructure, and technical maintenance.

ML Engineer — OpenDih

Side Quest

Contributed to machine-learning development and experimentation.

RESEARCH INTERESTS

Aerospace Engineering · Aerospace Simulation · Embedded Systems · Orbital Mechanics · Flight Computers · CAD & PCB Design · Systems Programming · Machine Learning · Agentic AI · Independent Research

LANGUAGES

Proficient: English, Hindi, Bengali

Learning: Spanish, Mandarin Chinese
